

Integrated, Secure and Efficient Governance Review & Management

Why Choose GovernWith x Convene?

GovernWith and Convene have joined forces to provide a cutting-edge governance solution directly within Microsoft Teams. This integration brings together award-winning board management, compliance and contemporary governance review capabilities, offering you a unified platform for all your governing needs.

Key Benefits:

Integrated Governance Tools

Manage Board meetings, documents, compliance, Contemporary Governance Evaluations and Director Development Plans seamlessly within Teams.

Enhanced Collaboration

Boost Board capability and interaction with access to real-time governance evaluations, personalised development plans, in-app annotations, live voting, and video conferencing.

Robust Security

Seamlessly access your Governance Management & Review platforms with one login. Rest easy knowing your data is protected with Microsoft Teams multi-factor authentication and encrypted communications.

Elevating Governance Excellence

About GovernWith

GovernWith specialises in Contemporary Governance Review and Development programs, each tailored to meet sector-specific regulatory obligations. Our platform supports Boards, Executives, and Subcommittees in achieving high-performance governing teams.

Key Benefits:

Best-practice Compliance and Contemporary Governance

Access essential content and tools to manage regulatory compliance obligations and enhance contemporary governance organisation-wide, year after year.

High-Performance Governing Teams

Enhance governance capabilities across Boards, Directors, Executives, and Subcommittees with outcome-driven data insights and development plans.

ESG Expertise

Get access to advanced frameworks and models for Sustainable Environmental and Social Governance.

About Convene

With 30 years of expertise, Convene is a global leader in Board Management Software, trusted by thousands of organisations across 100 countries ranging from Fortune 500 and FTSE 100 companies, public and private organisations, healthcare, educational institutions, and nonprofits to enable effective governance and compliance in the boardroom.

Key Benefits:

Streamlined Meeting Management

Create, distribute, and manage board agendas and documents effortlessly.

Enhanced Collaboration

Features for real-time annotations, video conferencing, live voting, live minutes and actions.

Security and Compliance

Top-tier security measures, including data encryption and user access controls.
